

Turf Software 3.0

Known Issues

- 1) **Video Synchronization:** Recorded video, audio and screen may be asynchronized by 1-3sec. It may be evident in recordings of >1hr duration.
- 2) The **maximum records** of data that Turf 3.0 can handle is 1000 records within a single project.
- 3) The **data created using earlier versions** of Turf is incompatible with version 3.0.
