Alternative science careers: Consulting

Kelsey Mathieu, Ph.D.

Director

EY-Parthenon

Dr. Kelsey Mathieu will present a career talk on her transition from academia to consulting. Dr. Mathieu was an Assistant Professor at MD Anderson in the Department of Imaging Physics before joining a boutique consulting firm in 2020. During her presentation, Dr. Mathieu will describe her experience consulting for a federal funding agency by providing technical advisory services related to the research and development of biological technologies, including AI for ultrasound imaging.

Tuesday, December 6th, 2022. 12p – 1p. [Webcast](#)
