

Students in the College of Health Professions majoring in **Biomedical Sciences** have the ability select **one of two** certificate degree planners.

Biomedical Informatics Certificate: Genomics

Public Health Informatics Certificate

Please ensure you speak with an SBMI academic advisor to discuss which is option best fits with your ultimate academic and career goals.

Name: _____ Student ID: _____ Advisor name: _____

Biomedical Informatics Certificate Requirements

Each student will develop a degree plan with written approval of their academic advisor. The student must file a signed degree plan each academic year in the Fall and Spring terms listing the required and elective courses as specified for their certificate program. This plan is a set of predefined coursework, totaling 15 credit hours.

UTRGV students with a major of Biomedical Sciences with the focus area of Genomics, will be able to apply 9 of the required 15 credits hours to their UTRGV Biomedical Sciences degree. To view more information about how credits from SBMI are transferred and applied to your program, please view the Undergraduate Accelerated Master's (4+1) Program Course Equivalency FAQ.

Using This Certificate Planner
